0800 – 88 88 90

Needs Assessment & Service Coordination (NASC)

“Supporting
Independence”

Let us know
if you
need a hand.

Who are we?

- We are the Needs Assessment and Service Coordination (NASC) Team.
- We work to support older people (65 years and over) with a disability in their chosen community.
- We are contracted to assess people for residential placement.

Where do you start?

- Please contact us.
- We arrange for one of our staff (Needs Assessor) to meet with you.
- We check to see if you are eligible to receive Disability Support Funded Services.

The Needs Assessor will talk with you about:

1. How you manage daily activities.
2. Identify areas you may require assistance with.

The needs assessment takes 1-2 hours.

A friend or family/whanau member can be with you if you wish.

THE ASSESSMENT SERVICE IS FREE.

What happens next:

We use your information to identify and arrange services for you.

A plan is made with you to meet your identified needs.

You will receive your assessment with a letter that tells you about your plan, and the **Disability Support Services** you will receive or are referred to.
